Next snowmobile meeting

GREETINGS

Snow is back after the short summer in February.

If you would like to go out and check our trail to see if any portion can be opened that would be fine but be very careful of the open water and then report back to me at 715 210 4909.

Not much to talk about other than we need to start thinking about our taking signs down here in the next month.

It's sad to think it's almost over but all good things come to an end.

We are still in need of brush cutting on our trail, if someone wants to put a crew together and let us know we can go out and get that done and put it on worksheets. We are still in need of getting some time on worksheets before the end so we can get funding,so let's get it done.

Also check out the website, the address is
